Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: ^{individually} My compounded medication alleviates my symptoms without side effects. I do not ~~wish~~ choose to get medication prescribed for "the masses." I have not found a compounding pharmacy in my own state, and don't feel I should be penalized for choosing the pharmacy that works so well for me. Our country stands for individual freedom - This is an important one for me!
